Resources At-A-Glance

The Chancellor's Advisory Committee for the Status of Women (CACSW) recognizes a fundamental need for essential and valuable information and resources for new faculty, non-faculty, staff, students, postdocs and other recruits. Often, the materials provided pertain to UCSF campus organizational associations and job responsibilities. This material can be overwhelming to any new colleagues, especially challenging if they are new to the San Francisco Bay Area.

The transition of starting a new career in a new demographic is challenging in itself. Additional challenges present themselves when confronted with housing, childcare, and other work-life concerns. CACSW presents this information sheet to maintain a supportive and family-friendly work environment and to provide the resources necessary to achieve a work-life balance. We hope you will find this information helpful and valuable.
